

# Gutter-Point®

S P E C I F I C A T I O N S

<b>WHERE TO USE</b>	Specifically designed for attachment to the inside lip of rain gutters
<b>TARGET BIRD</b>	Pigeon and larger
<b>BIRD PRESSURE</b>	Light - Medium
<b>MATERIAL</b>	Stainless Steel and Polycarbonate
<b>INSTALLATION</b>	Stainless steel clips slide over lip of rain gutters
<b>INSTALLATION LEVEL</b>	Easy

*Gutter-Point is hard to see, but it's there; protecting the edge of this hotel's roof.*

### easy application

Slip the stainless steel clips provided over the upper lip of the gutter and move on to the next section.

### how it works

Thin stainless steel spikes protrude upwards from a plastic base, making it difficult for birds to gain a foothold. Gutter-Point's specially designed clips make it easy to install and the spike configuration protects not only the edge of the gutter, but the inside as well.

### removable

Many gutters require periodic cleaning, and Gutter-Point can be easily removed, then clipped back on when the cleaning is done.

### hard to see

The thin, but rigid, stainless steel rods are almost invisible from a distance.

### humane

Gutter-Point's rods are not sharpened to prevent injury to humans, animals or birds.

### installation

Simply slip the stainless steel clips provided over the upper lip of the gutter and move on to the next section.

*Clips easily to the inside of the rain gutter, protecting the upper lip from pigeons & larger birds.*

### Gutter-Point

Gutter-Point is sold in two convenient packages.

25 feet	GP-SG25	665538
50 feet	GP-SG50	665540

*Gutter-Point keeps pigeons off the edge and out of this rain gutter.*
